#### Notes

<sup>1</sup>Intervenor Surprise Grand Vista JV I, LLC ("SGV") supports the Preferred Route—Segment 3 if, but only if, the corridor width is no more than 1,000 feet (as measured from its current north line). As confirmed by the testimony of Mr. DeWitt, that width will allow APS the flexibility necessary to avoid impacting any existing users located along Segment 3 and it will avoid any encroachment onto or adverse impact on the Grand Vista property/master plan (PAD).

<sup>2</sup>SGV supports the Preferred-Route Segment 4 if, but only if, the corridor width is no more than 1,000 feet (as measured from its current east line).

<sup>3</sup>Grand Vista recognizes that only one of the three possible alignments that have been proposed for the area east of 179<sup>th</sup> Avenue is likely to be selected by the Committee. Grand Vista supports any one of those three possible alignments.

<sup>4</sup>SGV opposes this route because it would directly impact existing homes and because it would bi-sect an approved master-planned community

1 RESPECTFULLY SUBMITTED this 22<sup>nd</sup> day of August, 2008.
